Independent Auditors' Report

To The Board of Directors
United Way of Denton County, Inc.
Denton, Texas

We have audited the accompanying statements of financial position of United Way of Denton County, Inc. as of March 31, 2010 and 2009, and the related statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Denton County, Inc. as of March 31, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

UNITED WAY OF DENTON COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2010 and 2009

1. Nature of Activities and Summary of Significant Accounting Policies

The nature of activities and summary of significant accounting policies of United Way of Denton County, Inc. (the Organization) is presented to assist in understanding the Organization's financial statements. The management of the Organization is responsible for the accuracy and internal consistency of the preparation of the financial statements and notes contained in this annual report.

Nature of Activities - The United Way of Denton County, Inc. serves as a catalyst to facilitate the organized effort of the community to identify and address the existing and emerging human needs of its people. The organization is supported primarily through donor contributions.

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Financial statement presentation follows the requirements of FASB ASC 958-210, *Not-for-Profit Entities-Balance Sheet*, and FASB ASC 958-225, *Not-for-Profit Entities-Income Statement*. Under those provisions, net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions as follows:

Unrestricted net assets - Net assets are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets are subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets are subject to donor-imposed stipulations that will be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes. At March 31, 2010 and 2009 the Organization did not have permanently restricted net assets.

Cash and Cash Equivalents - Cash and cash equivalents consist of cash held in checking and money market accounts and certificates of deposit with maturities of twelve months or less. All certificates of deposit are considered short-term investments.

Support and Promises to Give - Annual campaigns are conducted to raise support for allocation to participating agencies in the current and subsequent year. Unconditional promises to give that are expected to be collected within one year are recognized as revenue when the promise to give is made, in accordance with FASB ASC 958-205-45, *Not-for-Profit Entities-Presentation of Financial Statements-Other Presentation Matters* and FASB ASC 958-210-20, *Not-for-Profit Entities-Balance Sheet-Glossary*. All support is considered available for unrestricted use or temporarily restricted due to time restrictions, unless specifically restricted by the donor. Promises to give are recorded as received, and allowances are provided for amounts estimated as uncollectible. All allowance for uncollectible pledges is established by the United Way Management based on past collection experience and current economic conditions.

Donor restricted pledges are not recognized as revenue as the Organization acts as an intermediary between the donor and the ultimate beneficiary only as required by FASB ASC 958-605, *Not-for-Profit Entities-Revenue Recognition*. The SECC campaign and all specific donor designated donations fall under this designation.

UNITED WAY OF DENTON COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2010 and 2009

1. Nature of Activities and Summary of Significant Accounting Policies - Continued

Contributions – The Organization’s success in conducting its mission is highly dependent on attracting committed volunteers. A substantial number of volunteers have donated significant amounts of their time in the Organization’s management and fund raising campaigns during the year; however, these donated services are not reflected in the financial statements since the services do not require specialized skills. Donated property and professional services are recorded at their estimated fair market value at the date of the gift.

Property and Equipment - Property and equipment are stated at cost, or if donated, the approximate fair market value at the date of donation, less accumulated depreciation. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, which range from 5 to 40 years. Expenditures for new construction, major renewals and replacements, and equipment are capitalized.

Functional expenses – The Organization allocates its expenses on a functional basis among its program and supporting services. Expenses that can be identified with a specific program or support service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated on estimates made by the Organization’s management.

Income Taxes - The Organization is a not-for-profit corporation and is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and from Texas franchise and sales and use taxes. In addition, contributions to the Organization qualify for the charitable contribution deduction under IRC Section 170(b)(1)(A). United Way of Denton County, Inc. has been classified as an organization that is not a private foundation under IRC Section 509(a)(2).

The Organization applies the provisions of U.S. GAAP related to the accounting for uncertainty in income taxes (previously known as FIN 48), which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This standard also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. For the years ended December 31, 2010 and 2009, the organization does not believe it currently holds any uncertain tax positions, therefore no recognition of uncertain tax positions is reflected in the financial statements. There was no unrelated business income for the years ended March 31, 2010 and 2009, and as a result, there was no income tax liability.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising costs – Advertising costs are expensed as incurred.

NOTES TO FINANCIAL STATEMENTS
 March 31, 2010 and 2009

2. Pledges Receivable

Pledges receivable at March 31, 2010 and 2009 consisted of the following promises and the expected time of collection:

	2010	2009
Pledges receivable (in less than one year)	\$ 1,608,617	\$ 1,200,346
Less allowance for uncollectible pledges	(288,675)	(106,533)
Pledges receivable, net	\$ 1,319,942	\$ 1,093,813

3. Property and Equipment

Property and equipment consist of the following at March 31, 2010 and 2009:

	2010	2009
Office furniture, equipment and improvements	\$ 150,290	\$ 119,225
Less accumulated depreciation	(106,265)	(86,625)
Total office furniture, equipment and improvements	\$ 44,025	\$ 32,600

4. Contributions - Donated Services and Materials

A substantial number of unpaid volunteers have made significant contributions of their time to the Organization's activities during the years. The value of this contributed time is not reflected in these statements. The contributions of services are recognized only if the services received (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

Materials and other assets received as donations are reflected in the accompanying financial statements at their fair values on the date of receipt and are described as in-kind donations. In-kind donations decreased from \$62,114 for the year ended March 31, 2009 to \$34,279 for the year ended March 31, 2010.

5. Designated Funds Payable

The State Employee Charitable Contribution program (SECC) is the only authorized charitable fund-raising drive in the State workplace. The United Way serves as the Local Campaign Manager for the SECC campaign. The Organization acts as an intermediary between the donor and the ultimate beneficiary. The SECC funds and designated funds collected through the United Way Campaign are not recognized as revenue by the Organization, but are reported as a designated payable in the statement of financial position. The SECC campaign and United Way campaign designated payables at March 31, 2010 and 2009 are as follows:

	2010	2009
SECC payable	\$ 285,407	\$ 255,044
Member agencies payable	69,519	61,553
Unaffiliated agencies payable	48,903	36,223
Total designated funds payable	\$ 403,829	\$ 352,820

Thereafter	2,261	2,261
Totals	<u>\$ 114,689</u>	<u>\$ 152,165</u>

7. Retirement Plan

The Organization's retirement plan is administered by the United Way. It is a defined contribution retirement plan described under Section 403(b) of the Internal Revenue Service Code. It is a defined contribution retirement plan, which provides retirement benefits for all employees who normally work more than twenty hours per week. The Organization contributed amounts during the years ended March 31, 2010 and 2009 equal to a maximum of six percent of the eligible employees' gross salaries. Under this plan, participant accounts are one-hundred percent vested at all times.

8. Temporarily Restricted Net Assets

Net assets are subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. On March 31, 2010 and 2009, temporarily restricted net assets were available for the following:

	2010	2009
Pledges receivable (in less than one year)	\$ 1,608,617	\$ 1,200,346
Less allowance for uncollectible pledges	(288,675)	(106,533)
Pledges receivable, net	<u>\$ 1,319,942</u>	<u>\$ 1,093,813</u>

9. Concentrations of Credit and Market Risk

The United Way maintains various bank accounts that may from time to time contain balances in excess of federally insured limits. The Organization manages this risk by maintaining the deposits with high quality financial institutions.

The United Way has various receivables at March 31, 2010 and 2009. The Organization considers its risk of loss from receivables to be minimal.

The United Way received over 58% of its contribution pledges from fifteen companies and/or their employees.

10. Grant Receivable

The Organization entered into a grant contract with the North Central Texas Council of Governments to provide local project coordination services for the support of the Denton County Aging & Disability Resource Center. The contract is for cost reimbursement in the amount of \$20,000 and expired in October 2009. The Organization entered into an extension of this agreement until October of 2010, which will reimburse the Organization \$24,000. The Organization accrued \$16,000 of grant receivable to reflect the remaining amounts due under the contract.

11. Reclassifications

Certain reclassifications have been made to the prior years' financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or retained earnings.

12. Financial Instruments

Accounts receivable - The amounts reported in the accompanying statements of financial position as accounts receivable approximate fair value because of the short maturities of those instruments.

Pledges receivable - The amounts reported in the accompanying statements of financial position as pledges receivable approximate fair value because of the short maturities of those instruments.

Accounts payable and accrued expenses - The carrying amounts reported in the accompanying statements of financial position for accounts payable and accrued expenses approximate fair value.

The carrying amounts and fair values of the United Way's financial instruments at March 31, 2010 and 2009 are as follows:

	2010		2009	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value

13. Fair Value Measurements

Effective January 1, 2008, the Organization adopted the standards required by FASB ASC 820-10-50, *Fair Value Measurements and Disclosures*, which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820-10-50 applies to all financial instruments that are being measured and reported at fair value basis on a recurring basis.

As defined in FASB ASC 820-10-50, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods including market, income, and cost approaches. Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Organization utilized valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Organization is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The table below presents the balances of assets measured at fair value on a recurring basis:

	Fair Value	Fair Value Measurements at Reporting Date Using		
		Quoted Prices In Active Markets for Identical Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

14. New Accounting Pronouncements

During 2009 the Organization adopted The FASB Accounting Standards Codification (ASC or Codification) and the Hierarchy of Generally Accepted Accounting Principles (GAAP) which establishes the Codification as the sole source for authoritative U.S. GAAP and will supersede all accounting standards in U.S. GAAP. The adoption of the Codification did not have an impact on the Organization's results of operations, cash flows or financial position. Since the adoption of the Accounting Standards Codification (ASC) the Company's notes to the combined financial statements will no longer make reference to Statement of Financial Accounting Standards (SFAS) or other U.S. GAAP pronouncements.

During 2009, in accordance with U.S. GAAP, the Organization adopted the standards on subsequent events. This pronouncement establishes standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued. See note 15 for related disclosure.

15. Subsequent Events

Management has evaluated the impact of all subsequent events on the Organization through financial statement issuance, and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.
