Workgroup Updates

Terry Widmer provided an update on the Housing Workgroup. The group has begun drafting its strategic goal to increase access to housing for residents of Denton County. Objectives include identifying unmet housing needs and expanding housing capacity. Strategies for achieving objectives include collaboration across agencies to network with private landlords and build a shared database of landlords willing to accept clients with special circumstances, and asset mapping and determining actual housing capacity to identify unmet needs. The Housing Workgroup will finalize its strategic goal for submission to DCHLT Strategic Planning Committee after the next meeting scheduled for February 13th. Terry commended Giving Hope’s recent launch of a Housing Navigation program

Terry and Courtney provided an update on the Denton Supportive Housing Pilot. The Implementation Team is set to meet Friday, February 10th to discuss immediate next steps for housing clients. United Way of Denton County has executed an MOU with Denton Supporting Housing, Inc., who has fully funded the pilot program up-front. UWDC will act as fiscal agent for the program. UWDC has also executed and MOU with Denton Affordable Housing Corporation (DAHC). DAHC’s board has agreed to a
negotiated rent of $650 per unit, and has agreed to prioritize pilot clients for units as they become available. Community member Deborah Cosimo works in program evaluation for Health and Human Services in Dallas, and has agreed to review the program overview for the pilot in-kind to ensure outcome measures are being tracked consistently.

Stephen Coffey provided an update on the Data Workgroup. The workgroup met with the Denton County Homeless Coalition Coordinated Entry Steering Committee January 13th. The groups voted to approach their respective governing bodies for formal approval to combine their efforts to implement Coordinated Entry in Denton County, and to prioritize Veterans. The prioritization of Veterans was recommended because of the existing resources and mechanisms in place for Veterans and their families, and the ability of local agencies to utilize those existing resources as a way of launching the Coordinated Entry Process in Denton County.

Mayor Watts requested motions for the following recommendations:

- Denton County Homelessness Leadership Team to combine efforts with the Denton County Homeless Coalition to implement a Coordinated Entry Process in Denton County.
  Motion: Stephen Coffey
  2nd: Terry Widmer
  Motion Approved

- Prioritization of Veterans for the initial implementation of a Coordinated Entry Process in Denton County.
  Motion: Stephen Coffey
  2nd: Keely Briggs
  Motion Approved

The Data workgroup will draft its strategic goal at the next meeting, Friday, February 10th. The DCHLT Strategic Planning Committee has advised the workgroup’s goal focus on the implementation of a Coordinated Entry Process in Denton County.

The DCHLT continues to partner with the Denton County Behavioral Health Leadership Team to obtain community feedback regarding behavioral health and housing needs and experiences. The Consumer Workgroup met February 7th to discuss ways to obtain feedback. The group voted to change the name to ‘UWDC Community Conversations’ in order to be more relatable and accessible to the general community, and the ‘workgroup’ will now serve as an oversight committee for the planning and facilitation of consistent conversations with various community groups throughout Denton County.

  - Suggested Objectives: Funding, capacity issues, staffing at agencies, collaboration/partnerships across agencies

Jessica DeRoche stated the importance of income and employment in maintaining housing, and Dani Shaw stated the Data Workgroup’s System Performance Measure of increasing income. Mayor Watts raised the question of whether the DCHLT was equipped to launch a Workforce Development workgroup. After discussion, appointees requested that UWDC Backbone Support staff conduct fact-finding meetings to assess current workforce development related initiatives in Denton County and report back to the DCHLT in April.

**Speakers Bureau**

The need for increased community awareness and presentations throughout Denton County was raised during the Strategic Planning Committee meeting. Mayor Watts emphasized the importance of communicating ‘wins’ through presentations to various community and civic groups throughout Denton County.
