OTHER RESOURCES

Are you or a loved one experiencing homelessness or a housing crisis? Visit our website to learn how to access local resources:

https://www.unitedwaydenton.org/homelessness-resources
ARE YOU EXPERIENCING HOMELESSNESS?

Are you sleeping in emergency shelter, in public areas, or in another place that is not permanent or safe? Visit a location below to complete a 10-15 minute assessment, called Coordinated Entry. Coordinated Entry helps quickly connect people to available resources and gathers information about the housing needs of people that are not served. Please keep in mind Coordinated Entry does not guarantee housing assistance or mean new resources are available. This is not a housing waitlist, rather an initial assessment to identify the best housing option for you.

daytime, case management, and ACE programs (Afterschool Centers on Education).

**Dropout Prevention Case Management Campus Programs**

**Program:** serve students each year in grades K-12 who are referred by their teacher, counselor, or principal as at-risk of dropping out of school. CIS Site Coordinators develop a case management plan to help students at-risk get back on track towards academic success, graduation, and success in college and career. CISNT case management programs utilize a research-based, six-component service modes which includes: supportive guidance and counseling; health and human services; parental and family engagement; college and career readiness career awareness; enrichment; and academic support.

**CIS Afterschool Centers on Education (ACE) programs**

**Program:** provide additional 15-19 hours of academic enrichment each week after school and in the summer. These programs work to improve academics, attendance, and behavior as well as increase promotion to the next grade level and improve graduation rates. CIS ACE programs provide homework completion and tutoring, enrichment groups, mentoring and team building, family and parental support activities, and college and workforce readiness activities that allow students to explore vocational and college opportunities.

Eligibility: 55 and over
Fees: None
Application Process: Fill out Application, Criminal Background Check, Fingerprinting, Pre-service Orientation and Training.
Area of Service: Denton County
Program: Our program is open to volunteers 55 and over who can serve between 15 and 40 hours a week. Foster grandparent volunteers are role models, mentors and friends to children with exceptional needs. We’ll match your skills and passions to opportunities that interest you, including those in local schools, youth facilities, early childhood education and daycare centers. You don’t need formal experience in tutoring or mentoring. You’ll receive pre-service orientation and training from the organization with which you will serve. We also offer a tax-free hourly stipend to help cover costs for income eligible volunteers. You’ll even receive supplemental, accident and liability insurance while you’re in service.

Join Foster Grandparents Today. Help Children Who Need it Most.

Program: Denton City County Day School (DCCDS) is dedicated to giving your child the best start in life by laying the foundation for a lifetime of learning. Our mission is to provide quality pre-kindergarten education to children ages two through five in Denton County. Our vision is that all of our children will enter kindergarten with the necessary social and academic skills to be successful in every way. Denton City County Day School (DCCDS) is a nonprofit preschool serving a multicultural community since 1952. Our school recognizes the uniqueness of each child and provides positive encouragement for the child’s continued growth. The fundamental reason for developmentally appropriate, child-centered, experiential learning is to enable our children to think critically, work cooperatively, and solve problems creatively. Our curriculum encourages children to develop a healthy and positive self-concept through individualized instruction. Our school environment offers hands-on learning experiences for abstract concept development and opportunities for creative learning. This allows children to make sense of what they are learning and to connect or integrate their knowledge in ways that lead to rich conceptual development.

Area of Service: North Texas area
Program: Riding Unlimited is a PATH Int’l Premier Accredited Center and is licensed by the State of Texas as a Physical Therapy provider. All therapeutic riding lessons are taught by PATH Int’l certified instructors who develop and follow lesson plans designed to benefit the individual participants. Trained horse leaders and sidewalkers volunteer their time to ensure the safety of our riders. Riding Unlimited’s therapeutic horsemanship riding program is dedicated to enabling North Texas disabled community by enhancing their physical, social, educational and emotional abilities. Building strength, courage and confidence is what the
program is all about. Our name exemplifies the ultimate goal for any rider - encouragement to pursue their own unique ability. Program goals: Therapeutic Riding is based on individual needs. Goals may include improvement in muscle tone, range of motion, rhythm, muscle strength, balance, and coordination. Riding instruction goals may include improvement in attention span, spatial relations, sensory awareness, sequential performance and reasoning skills. Horsemanship skills that may be developed include cantering, posting, and stable management. Riders may participate in demonstrations, The Chisholm Challenge horse show for equestrians with disabilities, and Special Olympics Equestrian.

Hippotherapy which is physical therapy on horseback requires a physician prescription and is followed by an assessment with a Physical Therapist in order to begin the treatment sessions. Therapists are PATH Int’l Certified instructors and hold a physical therapy license with the State of Texas. Hippotherapy uses the movement of the horses as a treatment strategy to address functional limitations. This treatment strategy is used as part of an integrated treatment program to achieve functional goals.
