Letter from the Board Chair Todd Price

It has been a pleasure and an honor to serve as Board Chair of United Way of Denton County for the 2010-2011 year. I am proud to report several successes this year, many of which you will read more about in the pages that follow.

Despite weathering an uncertain economic situation, Denton County worked together to provide more than two million dollars worth of financial and human resources to those in our community in need. United Way of Denton County's partner agencies (page 5) as well as several direct service programs facilitated by volunteers (page 19) were able to provide critical assistance to those who needed it most. Because of your generosity, more than 100,000 lives were changed for the better last year alone!

Please take a few moments to look over this annual report and familiarize yourself with all of the wonderful, meaningful work being done in your community through United Way of Denton County.

I would like to personally thank each of you, whether you bought a cookie at a bake sale, enrolled in a payroll deduction program, committed to a Pillars Club level, made the decision to give a corporate gift, advocated on behalf of United Way of Denton County among your friends and colleagues, or gave of your time as a volunteer. It takes a village – or in this case, a community – choosing to collaborate and LIVE UNITED® to create real, lasting change for the betterment of us all.

As a citizen of Denton County, a husband, a father, an employee and a volunteer, I can assure you, your collective efforts are valuable and appreciated.

Sincerely,

Todd Price

Letter from the President and CEO

Gary Henderson President

It is with great excitement that I join the United Way of Denton County team. The work we have ahead of us is both challenging and rich with potential impact for the diverse communities we serve. Our team has already demonstrated what one might call “a bias for action.”

So far this fiscal year, we have conducted an innovative, assets-based needs assessment survey. This will help us determine the specific ways United Way of Denton County can provide the most profound impact in the critical areas of Education, Income and Health throughout our community.

We have implemented a metrics-based balanced business scorecard approach to measure our success in key areas of resource development, community impact, public awareness and fiscal responsibility.

Evaluating these metrics will give us the confidence that our work is leading to the level of success needed by our partner agencies, our financial supporters and the people of Denton County we seek to serve.

I am also excited about our emerging work to reach out to segments of our community that previously had not been involved with United Way of Denton County – most notably, our vastly talented and diverse student population. Our hope is that these students will have the opportunity to serve meaningfully through United Way and our partner agencies’ efforts.

We need your help and involvement. Please take a moment to connect with us through our website, www.unitedwaydenton.org, and on facebook or twitter be part of the team that is accomplishing great work in our community through the United Way of Denton County.

Sincerely,

Gary Henderson

Community Service Programs

Adult ESL

A recent study showed that English-speaking households earned more money than non-English-speaking households in America. United Way of Denton County partner agency Communities In Schools is engaging not only the students they serve, but their parents as well through an ESL program aimed at breaking the poverty cycle while making student's families more able to get involved with a child's education at school. A grant from the Texas Education Agency's 21st-Century Community Learning Center funds this program which begins in the 2011-2012 school year.

NALC Food Drive

Each year for the last 20 years, United Way of Denton County has partnered with the National Association of Letter Carriers to operate the Denton County arm of their Stamp Out Hunger program. In March of 2011, volunteers donated, collected, sorted and distributed more than 15,000 pounds of food to hungry families in Denton County through the Denton Community Food Center.

Community Services Directory

The Community Services Directory provides a comprehensive listing of available health and human services agencies in Denton County, including contact information, hours of operation service area and a list of services provided by each agency.

Information & Referral Helpline & 2-1-1

United Way of Denton County operates a local helpline providing Denton County residents a place to turn for health and human services needs. Calls are answered by trained information specialists who can assess each caller's needs and refer them to an appropriate agency for assistance. After hours, UWDC partners with the nation-wide 2-1-1 toll-free hotline connecting people to services in their community.
