Agency contact and location information listed on 2nd page

Visit a location below to complete a 20-30 minute assessment called Coordinated Entry. Coordinated Entry helps quickly connect people to available resources and housing by gathering information through an enrollment and assessment process. By participating in Coordinated Entry, agencies will be able to connect you to resources you need and it will provide us with information on resources Denton County doesn't have currently in order to help you and more people in the future.

★ Agencies with the star symbol provide Street Outreach and are able to come to you and complete assessments outside of their office locations ★

* Some Coordinated Entry hours differ from regular hours of operation

KEEP IN MIND - Coordinated Entry does not guarantee assistance and does not mean new resources are available. We are working diligently with many households to end their homelessness, but resources are limited. It is possible and likely that programs you are interested in will not have any current openings, and there is no way to tell when a program may be able to offer assistance. This is not a housing wait list or housing application. This is an initial assessment to identify the best housing option for you.
